

Unitask Software announces Migration Director for Oracle E-Business Suite

Packaged Offering for Enterprise Application Change & Migration Management

Cincinnati, OH March 10, 2009 — Expanding the offerings of its product and service portfolio, Unitask Software, the leading provider of Oracle E-Business Suite solutions, today announced the immediate availability of Unitask *Migration Director Enterprise*. Designed for full support of the demanding Oracle E-Business Suite enterprise, *Migration Director* continues to deliver on the company's promise of "Do More – Pay Less" solution sets.

Migration Director for Oracle E-Business continues the market reach of the Unitask Application Management Suite by delivering a scalable, high-performance migration solution across the Enterprise. With immediate support for Oracle EBS versions 11i and R12, Unitask Migration Director delivers the ability to quickly and efficiently promote required object changes between Oracle instances and does so with simplicity and intelligence.

In utilizing the Unitask Migration Director solution, organizations now have insurance against outgrowing the workload capacity of their staff. "Organizations continually demand the ability to do more with less. These demanding companies can now continue to grow systems and application deployments to meet customer needs and requirements without continually overtaxing the IT staff," said Dale D. Royal, Unitask Chairman and CEO. "Being able to proactively and efficiently promote required changes in such an environment beyond the standard industry staffing metrics – and do so at a cost less than a morning cup of coffee - provides tremendous leverage for those business' looking to maintain budget integrity and profitability."

With this introduction, Unitask extends its leadership for Enterprise Change and Migration enabled solutions for the Oracle EBS marketplace. Unitask Migration Director delivers an ROI often achieved in less than six (6) months by providing a consistent methodology of insight, control and management. This enabling solution set allows for:

- Higher Application Uptime and availability
- Reduced Operational burden and expenses
- Increased compliance to meet Industry requirements
- Extend-ability into existing Application Lifecycle Management infrastructure

Designed to meet the expectations and needs of the most demanding Oracle E-Business Suite Application users, all Unitask Solutions within the Migration Suite, as well as that of its industry leading Output Management software solutions, are available for immediate release and shipment.
