

# Unitask Announces Continued Growth in 2008

*Company continues expansion in Customers, Revenue, and Solutions*

**Cincinnati, OH – February 3, 2009** Unitask Software, the leading provider of Oracle E-Business Suite Application solutions, announced year-over revenue growth of **44%** for 2008. Despite a softening global economy, Unitask fueled its growth with new product introductions and increased customer engagements across all geographies.

## **Market Acceptance & Growth**

Building upon more than a decade of experience in providing value-added solutions to the Oracle E-Business Suite marketplace, the company's core message of "*Do More - Pay Less*" resonated across all business sectors.

"From a worldwide perspective, we found budgets were being slashed across the board," said Dale D. Royal, Unitask CEO. "Consequently, we found customers demanding new solutions that would help maintain and enhance the enterprise with fewer resources and smaller operating budgets. Our solutions address these very challenges and have proven to deliver value with an ROI that is measured in months, not quarters or years."

## **New Production Introductions**

Continuing its focus on business continuity and enhancement solutions for the Oracle E-Business Suite customer, Unitask has recently introduced new releases of its Output Management suite of solutions. *Output Director Professional* and *Output Director Enterprise* are affordable enterprise-class solutions that enable an unlimited number of users to print Oracle-based output on any printer regardless of type, location or geography.

Additionally, the company found eager market acceptance and growth with newly introduced versions of its *Migration Director* solution suite. Designed to deliver error-free migrations, *Migration Director Professional* and *Migration Director Enterprise*

helps ensure corporate-mandated compliance, while accelerating the necessary IT change process.
